

Leadership Development Programs for State Healthcare Associations

Custom-designed and expertly facilitated open-enrollment programs

Given the transformative healthcare landscape, leaders are under significant pressure to respond to the complex demands of the industry. To respond to this need, TLD Group offers leadership development programs, in partnership with state healthcare associations, aimed to develop members for growth within their organizations.

Our collaborative model positions state healthcare associations as the educational resource for healthcare leaders grappling with a myriad of issues impacting their organizations.

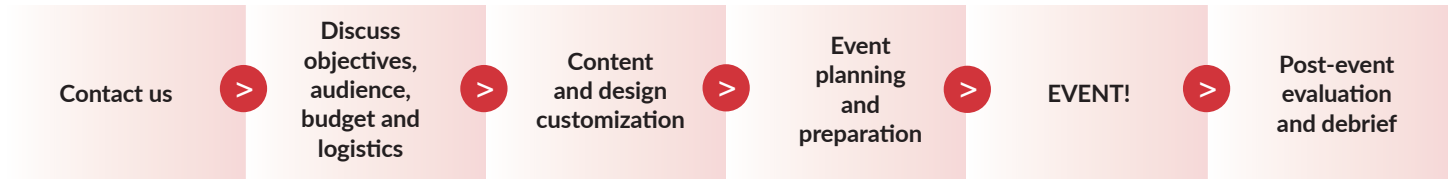

We create and facilitate innovative educational programming that combines theory with practical application designed and delivered by our esteemed faculty of industry thought leaders.

Why Choose TLD Group?

- **Design Expertise:** We have years of experience in custom curriculum design based on our trademarked needs assessment process to target your members' most pressing needs.
- **Tailored Fit, Partners in Design:** Our design team works closely with your education committee to ensure our programs are branded to reflect your unique value proposition.
- **Health Ecosystem Focus:** With a depth of expertise offering innovative solutions across the health ecosystem, we truly understand the unique challenges facing our industry.
- **Learn from National Experts:** We draw upon our esteemed faculty of academicians, physician and healthcare executives, and motivational speakers who custom design and deliver cutting-edge learning sessions on pressing industry topics.
- **Coordinated Networking:** Open enrollment programs provide learning opportunities with fellow state association members, creating a strong support system and network of colleagues and peers.

Our Process

The delivery format, faculty, content, logistics and timeline are fully customizable to ensure you and your members receive the highest return on your investment of time and resources. We partner with you to ensure your members will return to their organizations ready to implement actionable steps to address their key strategic imperatives.

Design Elements

Open Enrollment Delivery Formats

Keynote Presentation

Engaging and informative presentations on a pertinent topic delivered by an expert speaker, followed by an interactive Q&A and networking reception.

Full- or Half-Day Conference

Multiple learning sessions delivered back-to-back aligned to either one central track or a variety of tracks, with networking receptions throughout the day.

Multi-Day Conference

Learning sessions delivered over two to three days, including multiple tracks corresponding to key themes in the industry.

Leadership Academy

Multi-faceted program including interactive learning sessions, assessment and coaching, and project work delivered over a short or long timeframe.
